Dear Carolyn

**RE: Endorsement of Heritage Management Plan, Sydney Metro Southwest -
Dulwich Hill, Campsie and Punchbowl Railway Station Upgrades**

Thank you for providing the following document for Environmental Representative (ER) review and endorsement as required by the Condition of Approval A26 (d) of the Sydney Metro Sydenham to Bankstown Infrastructure Approval (SSI 8256, 12 December 2019):

- Heritage Management Plan – Southwest Metro – Dulwich Hill, Campsie and Punchbowl Railway Station Upgrades, Rev 02 dated 27 January 2021 (Ref: SWM-DCP-HMP-001) (the HMP) as required by Condition C3 of the Infrastructure Approval.

As an approved ER for the project, I have reviewed and provided comment on the HMP for consistency with the requirements in or under the Infrastructure Approval and now consider it appropriate for submission to the Planning Secretary for approval as required by Condition C7.

Notwithstanding, I note that a Principal Contractor (PC) has not been engaged by Sydney Metro to carry out the subject works. Once a Principal Contractor has been engaged, the HMP will require revision, to reflect:

- the relationship between the HMP and the Principal Contractor's Environmental Management Systems (EMS); and
- where appropriate, the PC's specific methodologies.

Yours sincerely

Rui Henriques
Environmental Representative – Southwest Sydney Metro
