DT Infrastructure's vision is to continue as an industry leader in the Australian infrastructure and construction sector by offering innovative, breakthrough and dependable solutions for infrastructure projects by focusing on the company's core business of infrastructure design, construction, operation, and maintenance.

OUR COMMITMENT

To create long-term value, DT Infrastructure Australia will integrate economic growth, environmental resilience, and social progress as balanced priorities into decision-making at every level of our business.

OUR APPROACH

DT Infrastructure acknowledges that sustainability enables long term financial resilience. DT Infrastructure will focus on maximising positive community impact whilst delivering a positive legacy for society and our customers by the following.

- Govern for sustainability by implementing robust and tailored systems.
- Embrace diversity as business as usual.
- Integrate social, economic, and environmental aspects into all our business decision making, including planning, procurement, design, and delivery.
- Minimise whole of life asset impact by future proofing our assets to mitigate climate change risks.
- Collaborate with our customers and communities to provide resilient operational outcomes.
- Promote best practice to facilitate a shift from mitigating environmental impacts towards enhancing environmental outcomes.
- Educate our people, subcontractors, and supply chain to ensure they are fully aware of, and committed to, the implementation of sustainable practices.
- Identify and implement realistic sustainability targets and performance indicators in support of the UN Sustainable Development Goals.
- Manage our activities ethically, whilst transparently measuring and reporting our sustainability performance to drive continuous improvement.
- Source sustainably, including prioritising Aboriginal and Torres Strait Islander peoples and business, local supply, social procurement initiatives and a commitment to modern slavery.
- Encourage innovation amongst our delivery teams and supply chain.

Deliver sustainable and inclusive growth while satisfying our ethical, legal, and contractual obligations.
